

# COMPANY PROFILE

Polaris elevators & escalators is a company specialized in the trading and implementation of German elevators and escalators for last 25 years. Our office is located in the Najma,Doha-Qatar and we have a branch office in Chennai,Tamilnadu,india.

Energy Efficiency

Our company has a good long term relationship with OEMs from Germany and Japan.

Comfort

We are dealing with German products with customized solution depends on the clients requests.

As a Polaris ,we are providing end to end services on multibrand elevators and escalators.

Eco Friendly

The solutions and services we provide

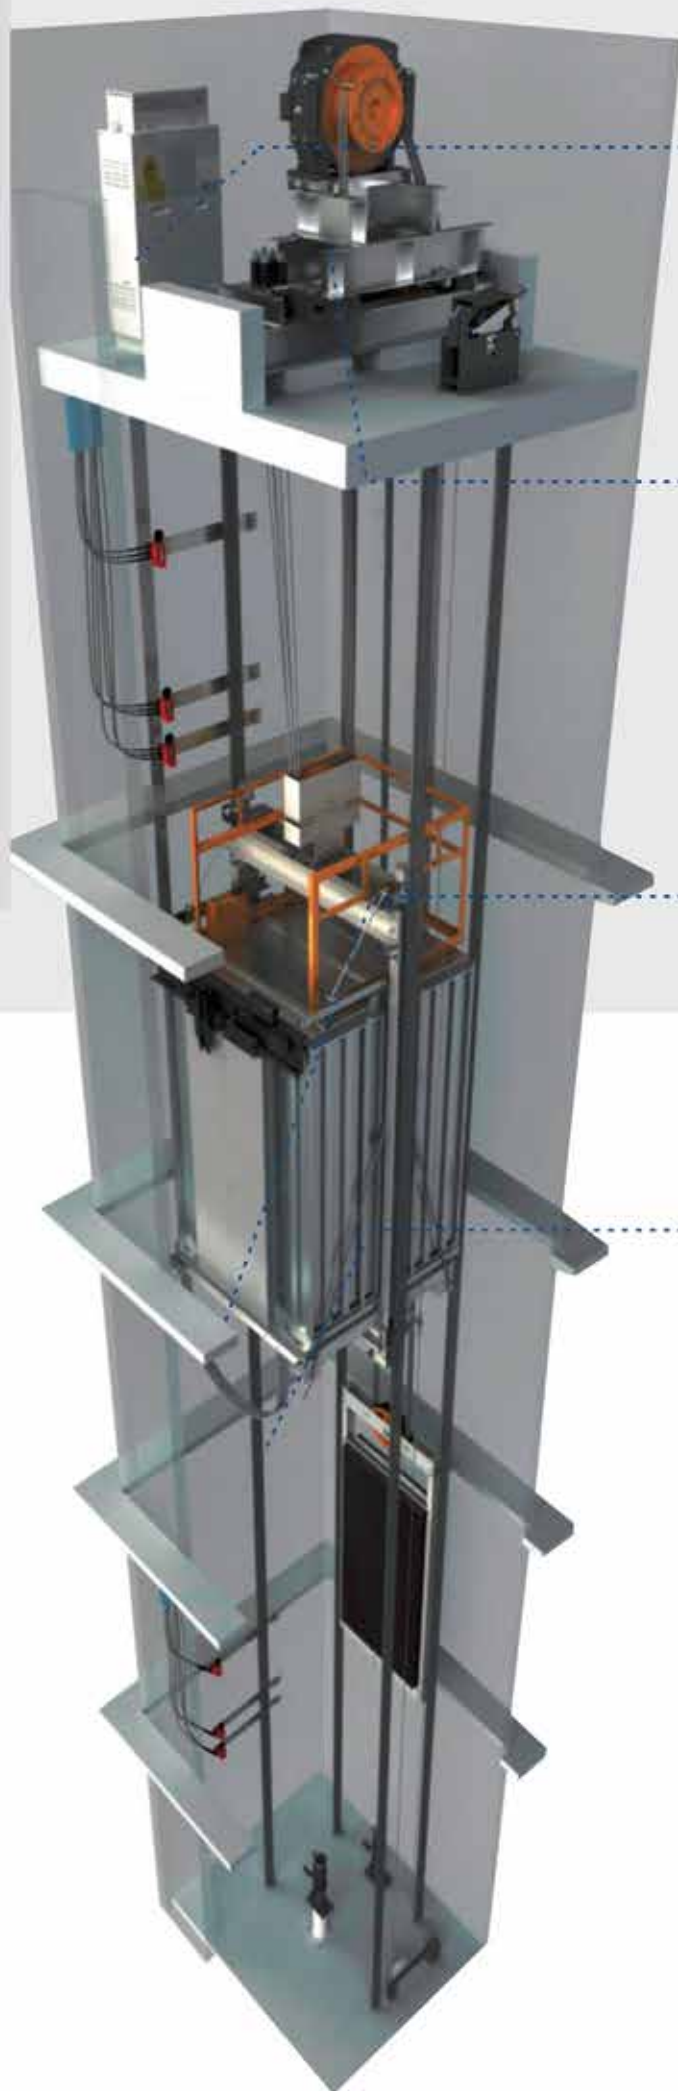

- ◆ Installations
- ◆ Annual Maintenance Contract (AMC)
- ◆ Renovations & Repairs
- ◆ Services
- ◆ Spare parts supply

Safety

Trust your comfort journey with Polaris Elevators & Escalators

Durability

■ **Intelligent control system**

To keep elevator runs intelligently is the guarantee of security, convenience and comfortable experience.

■ **High performance permanent magnet synchronous gearless traction system**

Non mechanical transmission design of high efficiency permanent magnet synchronous, low noise, vibration small, compact, energy saved up to 40%.

■ **Door protection**

Waterproof grade IP65 light curtain protection system, more than 154 light beams ensure the safety of passengers.

■ **Comfortable Riding**

Frame type car enclosure protection, secures leveling stability, adding more safety. Using inner car height 2.4m, with LED natural lighting, more optional decoration suits for VIP'S great experience.

Note: This pattern can also be processed into titanium gold, concave gold, rose gold, Champagne gold, black titanium. .

## HYDRAULIC LIFT

With a reliable partner Morris provides the ultimate solutions for hydraulic lifts of all kinds

Electronic power units

MORIS can provide an electronically controlled valve, with flows up to 650 l/min, on the elevator power units.

### OUTSTANDING QUALITY SAFE AND RELIABLE

The hydraulic elevator is different from other elevators. It has its own unique advantages in performance and application. Polaris hydraulic elevator adopts the pump and cylinder with high performance and quality, which will guarantee an extremely quiet and smooth running. It also utilizes multiple security means such as the anti-stalling device, one way valve which prevents the hydraulic oil from return etc

Polaris hydraulic elevator has high levelling accuracy and stable and good running, high reliability, low cost. It is widely in the museum, library, apartment, airport, bank etc.,

## DUMBWAITER ELEVATOR

Multi- dimensional space is flexible and changeable

# ESCALATOR SERIES

Elegant & Modern Design

The prior use of VVVF variable frequency technology, ergonomics research fruits, advanced manufacture technology bring about the perfectly safe and comfortable escalator. Meanwhile it saves the user's energy and results in the more convenient repair.

HIGH QUALITY

MADE IN GERMANY

## DISABLED PLATFORM SERIES

Vertical disabled platform lift is designed to meet the highest performance of the customer with wide range of platform size, color and finishes matching the building elevations and complies with ADAAG along with ASME A 18.1 specifications for platform with complete safety of user with high standards.

## CHAIR LIFT FOR STAIR

In the modern world with latest technology make life much easier for elderly/handicapped to climb the stairs with minimal efforts by using chair lift. We provide the safer and high-quality chair lifts as we believe your satisfaction and comfort is our success.

MADE IN GERMANY

## HOSPITAL & CARGO ELEVATOR SERIES

THE PERFECT AND GLORIOUS VISUAL IMPACT

HIGH QUALITY

UP TO 25000 KG

Ceiling St, St with acrylic  
Middle Hairtme OR painted  
S. panel Hairtme OR painted  
Flooring Iron hardback

## INDUSTRIAL PLATFORM ELEVATOR

Heavy duty platform hydraulic Elevator best suitable for industrial use with tons of load capacity with wide range of platform size.
